

# MERIT INTERNAL MEDICINE REFILL POLICY

## Refill Policy

Refill requests are at appointment OR via portal/call for limited refill

|                          |                    |
|--------------------------|--------------------|
| New medication           | refills 1-3 months |
| Stable chronic condition | refills 3-6 months |
| Birth control f/u appt   | refills 1/ year    |

Before requesting a refill, ask the pharmacy if you have a NEW RX waiting to be filled that was sent at your last appointment. You may have NO refills on your current RX BUT a NEW RX might be waiting to be filled. Pharmacies tend to overlook this so please ask before requesting more refills.
